MEDICAL PRACTICES BODY PROTECTED AREAS

In order to comply with the standard AS/NZS 3003:2011 electrical installations patient areas. Medical Practices, Consulting rooms, Dental Surgeries, Physiotherapy Treatment rooms, Podiatry rooms, X-ray rooms and other patient areas should be body protected electrical areas.

Christie Electrical Services have extensive experience in both the upgrading of these patient areas and the testing of existing body protected areas which, under the standard, need to be performed yearly.
